SAFEHAVEN HUMANE SOCIETY’S
MISSION

Finding homes, opening hearts, and educating minds to strengthen and improve the lives of animals and people.

DEAR FRIENDS,

Every year seems to have its defining moments; but I think we can all agree that 2020 was a year that will stand out in the history books. From the deadly pandemic, the Presidential race, to the global movement for racial justice, this was a year that tested many of us in ways we could not have even imagined.

For SafeHaven, 2020 brought us many challenges and uncertainty. But we never wavered from our commitment to the animals, and to you, our supporters, and friends.

As you look through our annual report, you will see that in the midst of everything that was happening in our world, SafeHaven continued to adapt and accomplish great things for animals. We held strong to the belief that even in uncertainty we will always be here for the animals, the community, and our friends.

Chris Storm, Executive Director
1,937 ANIMALS GOT A SECOND CHANCE.

One person’s unwanted animal becomes another person’s beloved family member. And that is the mission at SafeHaven Humane Society. You can hear it through the halls and around the shelter... “as long as it takes.” That’s because each animal that comes through our doors gets to stay until they find their forever home, no matter how long it takes.

These adoptions don’t just happen, however. They happen because our supporters choose to tell their friends and family about SafeHaven and the wonderful animals available for adoption. They happen because our followers on social media engage and share the animals available. They happen because we have an incredible network of volunteers, foster parents, and donors who choose to give support to those who have no voice of their own. For so many reasons, SafeHaven is able to find homes for thousands of animals each year and, for each reason, we are thankful.

So, from the 1,937 animals that are now resting happily in their new lives, Thank You! Thank you to everyone who donated their time, dollars, or supplies to keep the animals well cared for. Thank you to anyone who has attended a third party fundraiser at one of the many establishments in our community that generously give back. Thank you for sharing our posts on Facebook and tagging your friends in our stories. We could keep going but instead, let us say thank you for thinking of the animals who needed our help.

58,544
HOURS DONATED BY 133 LOVING FOSTER HOMES.
If you’re a supporter of SafeHaven, you’ve heard the stories about the transports of dogs and cats that come to our shelter. Animals of all shapes, sizes, and ages make their way out of vans and trucks (and even planes!) from across the United States. Whether the dogs are coming from New Mexico, California, or the many shelters in Oklahoma, one thing is certain for each and every one of these special animals: SafeHaven is their second chance at life.

In 2020, SafeHaven received 690 animals on transports and found homes for every single one. All of these animals were unwanted in their own communities and were able to find homes in our little corner of the world. It truly is miraculous.

Sadly, no transports were received in spring due to the COVID-19 pandemic and the loss of saving those lives was felt by all. We heard many stories of lucky pets that found foster homes until they could get to SafeHaven. We were happy to receive our first transport after the stillness in June 2020 from California via a New Leash on Life Rescue Team.

SafeHaven is a destination shelter for animals in low adoption opportunity areas. We certainly hope to increase the amount of lives saved from 2020.

As with most things, our events looked a little different in 2020. The Development Staff had to pivot multiple times in preparation for some of the most important dates of the year. First, being Paws in the Park which was set to take place on June 20th with all of our friends in attendance. With the news of nation wide closures and limiting of any gatherings, Paws in the Park happened, but not how we expected. Luckily, our supporters still showed up to raise $63,570.17 through virtual fundraising and walking in support of the event.

And as you know, every fall, SafeHaven hosts our largest fundraiser of the year, Rescue Roundup. As summer came to a close and the intended date of the event grew closer, the team at SafeHaven made the choice to instead go virtual. Businesses still showed up to proudly become sponsors for our event and from October 10th to 17th, SafeHaven friends placed bids on over 250 amazing items! We were so thankful to see our usual attendees and also some new friends show up to raise $161,209.12.

Thank you to everyone who supported SafeHaven events through this peculiar year! We couldn’t do it without you.
GIFT & THRIFT

Our SafeHaven Gift & Thrift stores continued to be lifersavers in the chaos of 2020 and even with being closed for 2 months, brought in nearly as much as the prior year which truly kept many things running for the animals at the shelter.

The Lebanon Gift & Thrift brought in $133,094.33 and the Tangent store made $148,929.73. With the consistent support of volunteers, donors, and shoppers, both Gift & Thrift stores continue to thrive as a source of income that directly supports the lifesaving work done at SafeHaven.

The two locations are an amazing way to save lives and find forever homes for animals at SafeHaven and are a fun way to seek new treasures to add to your life!

A CALL FOR HELP

On September 7th, right in the middle of a worldwide pandemic and everything else plaguing our world, the beautiful Pacific Northwest began seeing yet another huge hurdle, widespread wildfires. In the Albany and surrounding areas, we were considered ‘safe’ and not been placed on an evacuation order. Areas around us were not so lucky as hundreds of families were asked to flee their homes and pack their most important belongings. SafeHaven knew we had to help. We began immediately sending donations and staff members to Linn County Fairgrounds to help with those displaced. SafeHaven also began accepting pets of those displaced due to the wildfires and, in the end, was able to house over 50 animals. This included having an emergency evacuation plan for not only SafeHaven pets, but also those in our care temporarily. Our staff was prepared for anything which, fortunately, everyone was used to from working in a shelter environment. SafeHaven also staffed the shelter 24 hours a day in case someone needed to evacuate in the middle of the night. But we could not have done it without you. Once our community caught the news that we were able to help in this capacity, donations began coming in to the shelter in the form of online donations, but also people dropping off much needed supplies. We were happy to report that after a few days, we were running out of space to store donations. Our hearts and our shelter were, quite literally, full!

"Rescue animals aren't broken, they've simply experienced more life than other animals. If they were human, we would call them wise. They would be the ones with the tales to tell and the stories to write, the ones dealt a bad hand who responded with courage. Don't pity them. Do something. Help a rescue. Donate. Volunteer. Foster. Adopt. But most of all be proud you have their greatness by your side."
