

FRIENDS *for* LIFE

WE DON'T WANT YOU TO WORRY.

SafeHaven Humane Society's Friends for Life program was created exclusively for Legacy Leaders members and allows donors to designate the SafeHaven as temporary caregivers for the pets who outlive them.

These pets will arrive at the adoption center as VIPs and will be treated as friends. Above all, we want you to feel comfortable knowing that the pets you have cherished are well cared for and will go on to another loving home.

PROGRAM BENEFITS

- Up to six pets can be surrendered when donors enter a long-term care facility, hospice program or after a donor passes. If needed, temporary boarding is also possible.
- All pets enrolled in the Friends for Life program are treated as VIPs which includes access to the our foster care program and veterinary team.
- Staff and volunteers will make every effort to alleviate stress and anxiety through personal attention, grooming, exercise and socialization techniques.
- If your animals are healthy and adoptable, they will be placed for immediate adoption and matched with a family whose lifestyle suits them well.
- Pets will enter the foster care program if they are showing signs of stress, are not adopted within thirty days, or at the specific request of a donor.

HOW TO ENROLL

Add to will or estate planning documents that you are entrusting your pet to the Friends for Life program.

Name SafeHaven as a beneficiary of your estate with a minimum \$10,000 gift, and provide a copy of the document to SafeHaven's development department.

Complete the detailed Pet Profile to help shelter staff, foster parents, and future adopter to better know your pet.

Inform your executor, family members, friends and neighbors that you have enrolled in the Friends for Life program and instruct them to contact SafeHaven when the time comes, allowing us to start caring for your pet as soon as possible.

ENROLLMENT APPLICATION

The following form identifies the pet that I/we are enrolling in the Friends for Life program with SafeHaven Humane Society with the understanding that if the pet survives me/us, SafeHaven Humane Society will make every reasonable effort to find a suitable home for my pet and to provide and necessary veterinary care until adoption. After adoption, SafeHaven will follow up with the adopters over the life of the pet to ensure your pet is getting needed medical treatment.
